

YACHT CLUB CALA D'OR

WEDDING REVIEW

Claire & Jonny – May 2013

From the very start Claire was very helpful she suggested that we came to to the wedding open day which was amazing I came along with my friends and most of the suppliers were there also and from the moment that I stepped in the yacht club I knew it was THE venue.

Anything that I needed help with Claire was there. On the build up when we arrived in Spain it was very organised we were able to meet Richard and Hannah the photographers and also Linda the Priest.

Sergio was excellent very organised and the food the chefs cooked was amazing. It was defiantly worth it upgrading to the steak main. There were many compliments coming from our guests about the goats cheese starter and the vanilla charlotte for dessert.

The room and the grounds surrounding were set up beautifully by Sylvia and she assisted amazingly on the day also.

The evening part of our celebration was amazing always enough bar staff who were very attentive and the Singer/ DJ Paul Martin was fantastic he had everybody up dancing even before the desserts came out :) excellent singer.

We booked the fireworks but unfortunately we couldn't have them as the company went AWOL for a while we did have the photobooth, however remember to take your own props as the man didn't supply them even though I booked them and remember to bring strong glue also if you are using the photos to stick in your guest book.

An absolutely amazing experience and the best wedding ever.

Thank you! Claire & Jonny xx
